

## Network Bundle GPSMAP 4212

This preloaded, offshore chart-plotter combines the power of networking with brilliant color and slim-line design. The GPSMAP 4212 has preloaded BlueChart® g2 maps of the U.S. coast and displays them on an 12.1" VGA display with video-quality resolution. By connecting to the Garmin Marine Network, you can add sonar, radar and weather. For even more enhanced features, you can add the optional Bluechart g2 Vision card.

## GPSMAP 5200 Series

This flagship marine navigator is missing just one thing — buttons. The GPSMAP 5208 features an unprecedented touchscreen interface, along with preloaded BlueChart g2 maps of the U.S. coast and an 8.4" screen that makes navigation as easy as pointing your finger. By connecting to the Garmin Marine Network, you can add sonar, radar and weather.

GARMIN

Catch Some Fish

The 498 comes with a built-in 500-watt (RMS) sounder with enough power to track fish deep underwater, yet precise enough to perform well in shallow water as well. The sounder features Ultrascroll™ for high-speed screen updates and can show both the sonar and map on the screen at the same time. And, it can even connect to another chartplotter with Garmin's proprietary CANet® connection.

GPS/CHARTPLOTTER LOADED WITH  
CARTOGRAPHY FOR ENTIRE US.

Internal Antenna \$429.99  
External Antenna \$459.99
